# MATHEBOLIC PROGRAMME: PRIMARY 1 AND 2

The Mathebolic Programme: Primary 1 and 2 is designed to help students attain a firm grasp of the fundamental numeracy skills, hone their thinking skills and develop their ability to apply heuristics in problem solving.

The programme provides students with a fun and engaging environment for mastering mathematical concepts and yet also build a strong foundation for learning mathematics in the upper years.

## Programme Features:

- ✓ Covers the latest syllabus stipulated by the Ministry of Education
- ✓ Develops students' mental arithmetic skills and their attention to precision
- ✓ Exposes students to mathematical modelling to relate mathematics to real world problems
- ✓ Helps students master a firm foundation in the usage of models to solve word problems
- ✓ Hone students' ability to apply relevant thinking skills and use appropriate heuristics to solve higher-order problems
